

Do you have questions about Communicating Student Learning with e-Portfolios?

Join us for a Parent Information Evening.

6:30-8:00pm at MacNeill Secondary

Tuesday, January 30, 2018

Join us for an introduction to how our teachers are using e-Portfolios to communicate student learning. Learn about the elements of e-Portfolios that help students and families know what students are learning, how they are doing, and what their next steps are for learning.

Learning occurs along a continuum from: What do I need to know? > to: Why is it important? > to: What can I do next? > to: new/ revised learning ↻

We will review the Assessment language being used, including Performance Standards, and will provide opportunities for discussion and questions. We want to hear from parents, your questions, thoughts, and input.
