McNair

basketball tournament

Congratulations to our girl's and boy's basketball teams for their hardwork and dedication this basketball season! They each finished their season with a tournament at McNair, this past Monday and Tuesday. The skills that they developed and the teamwork that evolved is almost beyond words. AND... The basketball season is not possible without the time, effort and commitment of our coaches. A huge THANK YOU goes out to our girl's coaches--Ms. Arnsdorf, Ms. Lougheed and Mr. Chang. Thank you for the early mornings and all the positive feedback shared as you watched the girl's enhance their skills.

Thank you to Mr. Leung for giving up 3 lunch hours per week and sharing his learning of basketball with our boys. His positive outlook and the boys' drive made for some very close games in the tournament. Coach Dhillon also helped with our boys' team.

Thank you also to our parents who provided rides to early practices and away games and came to cheer on our players!

Dear Student, Parents, Guardians and Staff

Re: Reminder to get your vaccinations updated. Measles is on the rise globally and pertussis (whooping cough) is making a comeback locally.

We would like to remind you to check your family's vaccination records and update your vaccinations as needed. Measles cases are being reported around the world. Please get your measles immunizations up to date, particularly if you are planning on travelling for Spring break. Two doses of measles containing vaccine are needed for everyone born 1970 or later. Children are usually offered these vaccines at 12 months of age and kindergarten entry. While most school age children are immunized, some may have missed their first or second dose during the pandemic. Infants travelling to high-risk areas can get a dose starting at 6 months. Those born before 1970 are considered protected but you may receive one dose if you do not recall a history of measles infection and are travelling to an area with active transmission.

Please also ensure that your family's pertussis immunizations are up to date. Pertussis is a bacterial infection of the lungs that is making a return. While people of any age can get ill, young children who have not been immunized get sicker than older children and adults. Children are offered pertussis-containing vaccines at 2, 4, 6, 18 months, 4-6 years, and in grade 9. Pertussis immunization is also recommended during pregnancy for the protection of newborns.

Adults can be immunized by their family doctor or pharmacist ([Measles, Mumps and Rubella \(MMR\) Vaccines | BC Pharmacy Association](#)). If you are unsure if your child is fully protected against measles, pertussis or other vaccine preventable diseases, please visit [BC Health Gateway](#) or scan this QR code to book an appointment:

If you have immunization records for you or your child that are not recorded in Health Gateway profile, please submit these online to immunizationrecord.gov.bc.ca.

MOVE-A-THON

Dear Parents,

This year, we are trying out a new fundraiser called Move-A-Thon. This fundraiser will both encourage students to move (i.e. walk, run, bike, skate, swim, dance etc.) AND to raise funds for Kingswood. Each student will set one (or more) movement goals and then seek pledges from family and friends.

Our minimum goal is to raise \$5,000.

PRIZES:

Top individual fundraiser from grades K to 3: \$50 gift card

Top individual fundraiser from grades 4 to 7: \$50 gift card

Top class fundraiser from grades K to 3: ice cream sandwich party AND 15 minute additional recess for one week

Top class fundraiser from grades 4 to 7: ice cream sandwich party AND 15 minute additional recess for one week

This year, we are planning The Kingswood School Challenge:

If we raise at least \$5,000, there will be a school-wide freezie party!!

**KINGSWOOD PAC WOULD LIKE TO THANK YOU FOR YOUR CONTINUED
SUPPORT!**

**Students brought this page and a
pledge sheet home!**
